You are the King of Glory	214	PP	192
You laid aside Your majesty	215	PP	197
You shall go out with joy	216	PP	200

#### Appendix 3—Audio Visual facilities

We have extensive audio visual facilities available for use in worship, services and meetings as follows:

- Comprehensive sound amplification with multiple fixed and radio microphones, tape player, CD player and tape recording facilities.
- A computerised 'Presentation Manager' system (this is not Microsoft's PowerPoint system) for the display of: O Hymns and songs:
  - We have the full range of items loaded from the Methodist *Singing the Faith*, *Hymns & Psalms* and our own supplement *Born in Song* as well as a library of other (American) material
  - We can load any song or hymn you would like included but please let us have your input (preferably in 'soft' format) in good time
  - o Bible Readings:
    - Our standard is to use the NIV Bible and to project all readings on the screen
    - We do have other versions of the Bible (American spellings) but not The Good News version
  - o Liturgy:
    - Most of the Methodist Worship Book services have been pre-loaded
    - Please check with us if you need an order of service from the MWB.
  - o Pictures and Images:
    - We have a library of items which, currently, is not very extensive
    - We can include your 'bmp' and 'jpg'. files if you let us have them in good time
- We can dynamically switch between the 'Presentation Manager' system and PowerPoint slide shows please
  let us have any PowerPoint material well in advance. Please note that our present system can handle
  .ppt files but not .pptx.
- We can also play CDs but please let us know well in advance, and bring them to the AV desk in good time. DVDs cannot at present be handled using our normal software, but it is possible to play DVDs on a laptop; please bring your own if you wish to use this facility.
- There is also a video camera available this is particularly useful for baptisms, children's addresses, etc. so that activity at the front can be displayed to people at the back of the church:
  - The camera can be remotely controlled but we would like to agree any 'production' issues with you before the service
  - We do not normally video-record items (the camera is reached by a ladder!)
- It is also possible to connect your lap-top computer at the preaching station and project the images directly to the screen again, this needs time to be set up.
- There is a loop system for the hard-of -hearing

The key point is to give us plenty of warning about your requirements – please don't arrive at the last minute as the technology may not be immediately available!

#### **Appendix 4 - Singing the faith licence restrictions**

The following hymns have licence restrictions preventing their projection or copying without extra permission. We do have enough copies of StF to cover the needs of an evening congregation, so this restriction applies only to morning services.

96	We sing of your glory
231	The silent stars shine down on us
237	Jesus tempted in the desert
245	Blest are the poor in spirit
308	On the journey to Emmaus with our hearts cold as stone
376	Crashing waters at creation
402	Go to the world! Go into all the earth
409	Let us build a house where love can dwell
413	Send down the fire of your justice
414	Shalom chaverim
417	We come from the mountains, the valleys and plains
474	Neither death nor life
514	The thirsty deer longs for the streams
621	When memory fades and recognition falters
656	When the bonds of love are breaking
674	Would I have answered when you called
695	Come now you blessed eat at my table
738	There is a new heaven, there is a new earth
